**GAME STOMORROW.**  
Rock Island at Decatur.  
Peoria at Davenport.  
Bloomington at Dubuque.  
Cedar Rapids at Springfield.

Springfield, Ill., June 28.—Rock Island yesterday afternoon dimmed the luster of the second star in magnitude in Donnelly's constellation of pitchers when Moore's passes were followed with the necessary hits to yield a score of 3 to 1.

Christy Wilson was on the firing line for the Islanders and had things pretty much his own way. He was slung with his passes and gave but six hits, which were sufficiently scattered to render the plate exceedingly difficult to negotiate for the Senators. Both sides fielded brilliantly, the only error made being one by Vandine on a hard chance.

## SAVED BUILDING

Superintendent H. B. Hayden by Chance Finds Blaze at High School.

### STARTED IN PILE OF WASTE

Happened to Enter to Write a Letter and Noted the Odor of Smoke.

By a piece of good fortune the Rock Island high school building was saved from probable destruction by fire last evening. Superintendent H. B. Hayden chanced to enter the building and discovered an incipient blaze that would have broken out into flames during the night and probably would have secured a start before being noticed that would have rendered it exceedingly difficult to combat.

Mr. Hayden, in passing the building about 9 o'clock in the evening, heard about a letter that he desired to write and accordingly went in. The moment he opened the door the odor of smoke was noted and its resemblance to that of burning varnish and oil caused him to think at once of the manual training room where such materials were used when school was in session. He investigated and found the manual training room dense with smoke.

Returning to the telephone he sent in a still alarm to the fire department, which responded in quick time, and after some search located the cause in a wire basket partly filled with cotton waste that had been used about the machinery in the manual training department and in rubbing down paint on some of the articles of furniture made by the pupils. The waste had been lying in the basket three weeks or more and spontaneous combustion was the result.

The firemen carried the basket out on the sidewalk and a bucket of water quenched the fire. When moved the waste began to glow, showing that it was on the point of breaking out into a blaze.

This fortunate discovery saves the new building costing \$175,000 which was built to replace the old building burned by a fire the origin of which was as mysterious as this one would have been had not Superintendent Hayden happened to enter the building at the time he did.

### DOPE FOR THE FANS.

Springfield was counting on getting at least two and perhaps all three from Rock Island.

Spanton, Rock Island's first baseman, is receiving treatment for malaria in the hospital.

Tomorrow begins the three at Decatur and then the team comes home to meet Davenport across the river for the fourth of July series.

Converse pitched again yesterday for Ottumwa and lost through the errors of the team behind him. Shaub, too, is playing with the same team in the Iowa league.

Dubuque's defeat and Cedar Rapids' victory yesterday ties those two teams for the head of the percentage column. Rock Island is also but a few points below Davenport and another day may see the teams exchange places.

Catcher Wolf of Cairo, reported at Springfield Monday to play on the Springfield team. He went out to take a street car ride and since then nothing has been seen of him. Donnelly is unable to account for his disappearance.

Springfield Register: "Hank" Walters was given the "glad hand" yesterday as he shook hands with Ludwig. It was Ludwig, it will be remembered, who threw the ball that accidentally injured Walters so seriously last year. It is a pleasure to see "Hank" in the game again. He is a good player and a nice fellow.

Evidently the sporting writer on the Springfield News is fighting space or something more stimulating to the imagination for he turns out a line of dope which is the wildest yet seen on this circuit. It is given below merely as a curiosity, not that it merits serious consideration or answer at this end of the line: "Will the Rock Island and Davenport teams be consolidated? This has been the unanswered question propounded by the magnates of the clubs from the tri-cities. They will not affirm that such a move is on foot and has been taken under consideration by the owners of the two clubs, nor will they venture the assertion that it is improbable. They merely state that it is hardly likely that anything of that kind will happen just now. It is true that the base ball magnates interested in the success of both clubs, have for some time been figuring on a method of cutting down expenses and as these clubs are controlled by men of good business sense and ability it is not at all improbable that they will come to some agreement whereby they will be able to pick a winning team from the two aggregations and send them out not only for the pennant, but also for the money. They realize that a winning team is a good investment but that a losing

bunch of players is about the limit of endurance for a man who has money at stake. Besides they figure on the advertisement the town will receive by being the receiver of the pennant. Davenport and Rock Island have both expensive teams touring the circuit and two grounds are being maintained, but should the clubs be consolidated before the close of this or at the opening of next season both grounds will still be maintained and the team will play alternately in the two cities. The only difficulty at present in the way of a satisfactory agreement in the rivalry at present existing between the fans of the two cities and the owners of the different clubs, but it is thought that when they are shown a satisfactory way to 'save their honor' and at the same time a little money they will agree on a basis for the consolidation of the teams."
